Volunteer Scribe Application Form

The opportunity to scribe for online shows is being offered to help people going through Dressage or Western Dressage judge training programs to broaden their skills and continue their learning process. People who do additional work outside the judge training programs often fair better in their testing results.

Please complete the form and submit it to Gail@SpotlightHorseShows.com. Your information will be matched with a potential judge. You must have a computer (PC or MAC) and good internet connection to complete the scribing process.

Being a scribe requires a high degree of ethics. By submitting this form, I agree that I will electronically scribe for the selected judge with accuracy and honesty. I will complete the scores and comments as the judge provides them. All comments, scores, and conversations with the judge are to remain confidential. I also understand that this is a scribe-only opportunity, not an apprenticeship. Questions to the judge should be scribe-related only in nature. Any additional training or judging advice should not be expected and would be at the judge's sole discretion.
